

Special 2D/3D Imaging Solutions

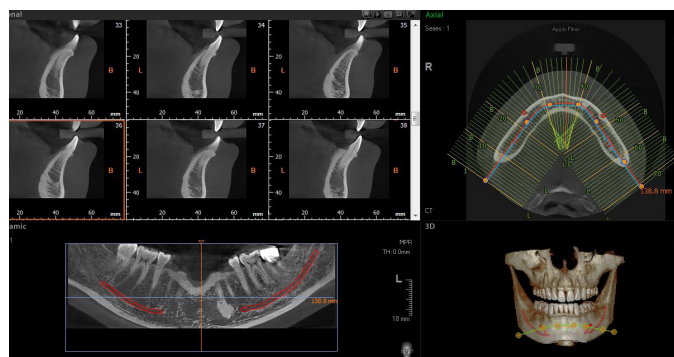

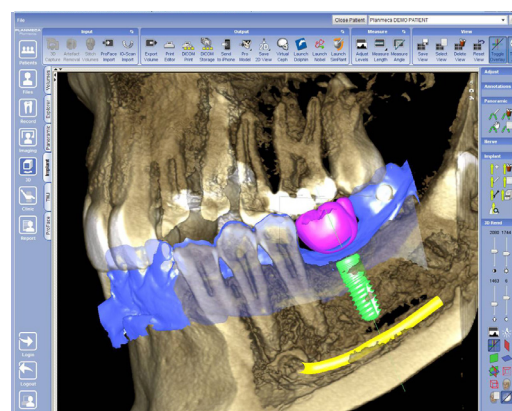

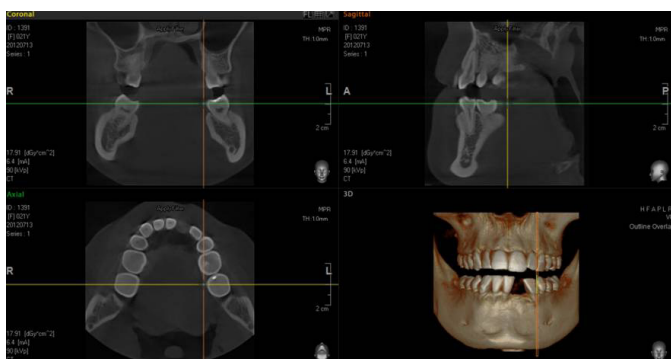

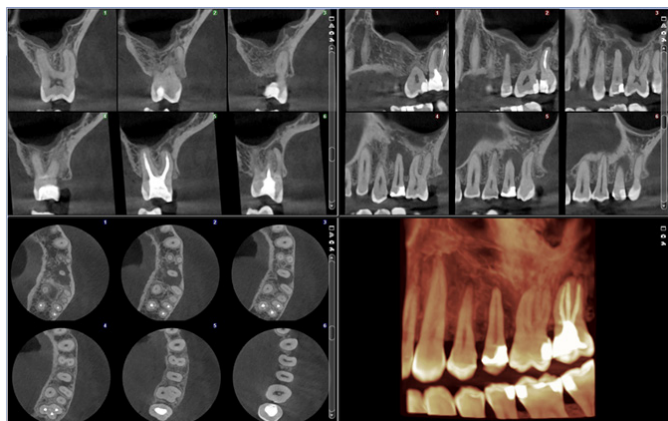

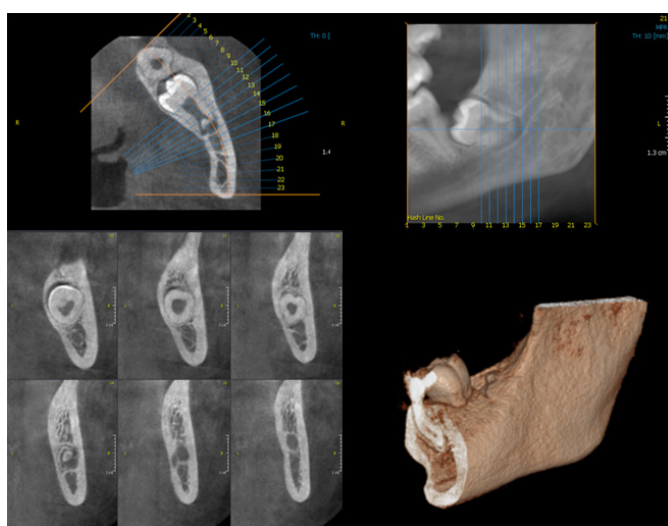

- What are your imaging needs...now & in the future?
- Are you offering implants or endodontic procedures?
- Do you require the precise measurements that only 3D provides?
- What volume sizes match your clinical needs?
- Do you need a Panoramic system with future upgradability to 3D?
- Have you considered what your R.O.I. would be on this investment?

We Can Help!
