

Introducing
Clear Comfort
ALIGNERS

Invisible
Comfortable
Convenient

HOW DOES IT WORK?

Clear Comfort Aligners is an innovative technology that allows you to straighten your teeth without the appearance of braces. It utilizes a digital 3D treatment plan and a series of custom-made clear aligners to gently and gradually adjust your smile.

WHY IS IT BETTER?

Clear Comfort Aligners are virtually invisible and allow you to smile confidently and comfortably throughout your treatment.

Clear Comfort Aligners apply less force on your teeth than braces. Because of their smooth

First a digital scan or dental impression is created of your teeth.

A series of custom-fitted Clear Comfort Aligners are made to your specifications.

The Clear Comfort Aligner system gradually straightens your teeth and corrects your bite as you wear them.

Once you have completed the Clear Comfort Aligner System, you will be left with a brilliantly corrected smile.

Advancing the Brilliance of Your Smile

surface, they tend to be more comfortable on the inside of your cheeks.

Clear Comfort Aligners are removable so you can take them out to eat, drink, brush, & floss as you normally would. You spend less time & have fewer visits at the doctor's office.

IS IT RIGHT FOR YOU?

You are a candidate for **Clear Comfort Aligners** if you are an adult or teen and have any of the following conditions:

- ✓ Crowded Teeth
- ✓ Unattractive Gaps
- ✓ Overbite
- ✓ Underbite
- ✓ Crossbite
